

ComEd's Energy Efficiency Programs

FACT SHEET

October 2023

Home Energy Assessment

If you are a ComEd residential customer, you may be eligible for a **free** Home Energy Assessment. During the assessment, an Energy Advisor will do a walk-through of your home, finding ways to make it more energy efficient. The advisor also will install the following free energy-saving products:

- ENERGY STAR® certified LED bulbs
- Programmable thermostats
- WaterSense® certified showerheads and faucet aerators
- Hot water pipe insulation (up to 6 feet)

During your assessment, you may also purchase discounted energy-saving products:

- Advanced power strips for televisions and desktop computers (\$10, installation not included)
- Smart thermostats (\$75-\$150 depending on model, includes installation if purchased during the assessment)

This is either an in-person OR virtual offering. If the customer chooses the virtual route, they will receive the free energy saving products in the mail (with installation directions emailed) and will complete the home inspection virtually using a video sharing software.

Energy Report: At the end of the assessment, the Energy Advisor should provide you with a Home Energy Report, which lists the products installed and the estimated yearly savings in electricity, gas, water and money.

Who can sign up? Single-family homes, two-flats, condos and townhomes are eligible. Renters in these building types are also eligible, with permission from their landlord. Call 1-855-660-9378 to schedule an appointment, or you can schedule online at: <https://eesavings.com/>.

How do I sign up for a FREE Energy Assessment?

To schedule an appointment:
Call **1-855-660-9378**
or schedule online at:
<https://eesavings.com/>

Note: The property owner or manager must schedule the appointment.

If Peoples Gas or North Shore Gas provides your delivery, the building must be two units or less. If Nicor Gas provides your delivery, the building must be four units or less. Larger buildings are eligible for the multi-family program.

Why is it free? ComEd and your natural gas utility are required to provide energy efficiency programs for their customers in compliance with state law and are allowed to charge ratepayers. Customers pay into the program whether or not they take advantage of the incentives.

Multi-Family Energy Efficiency

If you live in or own a multi-family building in ComEd territory, you may be eligible for **free** energy-saving products. The property owner or manager can call 1-855-660-9378 to schedule an appointment for a FREE energy assessment.

Once the assessment is completed, trained technicians will install free energy-saving products in all of the tenant units and common areas. These products may include:

- ENERGY STAR® certified LED bulbs
- Programmable thermostats
- WaterSense® certified showerheads and faucet aerators

- Hot water pipe insulation

Additional energy efficiency recommendations and incentives within common area spaces are available. These services may be free for Income Eligible buildings (see the “Income Eligible” section on the next page).

Income Eligible Program

If you are a homeowner with household income at or below 80 percent Area Median Income (AMI), you may qualify to receive **free** weatherization improvements and free installation of energy-saving products.

To see if you qualify for the Income Eligible Program, contact your local community agency. Visit www.comed.com/SAM or call the Illinois Home Weatherization Assistance Program at 1-877-411-9276.

80% Area Median Income changes depending on where you live. For example, below is the maximum qualifying household income for most of the Chicago metro area:

Number in Household	Maximum Income (Annual gross income)
One	\$52,200
Two	\$59,650
Three	\$67,100
Four	\$74,550
Five	\$80,550
Six	\$86,500
Seven	\$92,450
Eight	\$98,450

Multi-Family Income Eligible Program

If you live in or own an income-eligible multi-family building, you may qualify for energy efficiency retrofits in common areas and tenant spaces. Improvements include **free** weatherization, energy-saving products, boiler tune-ups, and more. Property owners and managers can contact Elevate Energy at 1-855-993-0940 for more.

Energy Efficiency Loans

Energy Efficiency Loans provide financing for the purchase and installation of qualified energy-efficiency products and services. The loan payment is added to your monthly ComEd bill.

Homeowners and owners of residential buildings of 4 units or less may apply. Residential customers must have a credit score of 640 or greater and must pre-qualify for the loan before product/service purchase.

Loan features include:

- 4.99% interest rate

- Financing between \$500-\$20,000
- Fixed rate loan terms for 1, 3, 5, and if the loan is greater than \$8,000, 7 and 10 years
- No fees, prepayment penalties, or closing costs
- Can finance installation costs in full

For more information, visit www.comed.com/WaysToSave/ForYourHome/

To apply for prequalification, visit www.energyfinancesolutions.com/forhomeowners-illinois-loan-program. You may also request an application by mail by calling 877-923-2665.

Fridge & Freezer Recycling

ComEd has ended its refrigerator and freezer recycling program. Instead, the utility encourages customers to consult Earth 911 (search.earth911.com) and Recycle Nation (recyclenation.com).

Smart Thermostats

A smart thermostat lets you monitor and control your home’s temperature from any web-enabled device so you can save energy and money whether you’re at home or on the go.

ComEd customers may qualify for a \$75 rebate towards the purchase of a smart thermostat. All ENERGY STAR® certified models qualify. Visit EnergyStar.gov for a complete list. The full terms and conditions are available at ComEd.com/Thermostat, or call 855-433-2700 for more information.

There are several ways to get your rebate:

- Buy a discounted smart thermostat during your Home Energy Assessment (includes free installation)
- Get an online rebate at the ComEd Marketplace: comed.com/marketplace
- Get an instant in-store coupon at a participating retailer: ComEd.com/Instant
- Apply for the rebate online: comedappliancerebates.com
- Submit your application by phone 855-433-2700, web comed.com/WaysToSave/ForYourHome/Documents/SmartThermostatApplication or email Rebates@ComEd.com

Rebates

ComEd offers rebates for qualifying energy-efficient appliances, home products, and heating and cooling

equipment.

Review eligibility requirements and complete rebate applications (online and printable) at ComEd.com/Rebates.

For the heating and cooling rebates, installation must be performed by a ComEd Energy Efficiency Service Provider with ICC Energy Efficiency Installer Certification. For a list of providers, visit comed2.my.salesforce-sites.com/HHC.

ENERGY STAR® Appliance Rebates		
Appliance	Size	Rebate
Air Purifier	No size limit	\$50
Clothes Washer	No size limit	\$40
Dehumidifier	Stand alone unit only	\$45
Electric Clothes Dryer	≥4.4 cubic ft	\$40
Refrigerator	≥ 7.75 cubic ft	\$50
Ventilation Fan	No size limit	\$25
Water Dispenser	Hot/Cold combination	\$25

Heating and Cooling Rebates		
Equipment	Type	Rebate
Air Source Heat Pump	≥ 16 SEER	Varies
Central Air Conditioning	≥ 15 SEER	\$100
	≥ 16 SEER	\$150
	≥ 18 SEER	\$225
Ductless Mini-Split Heat Pump	≥ 17 SEER and ≥ 9.5 HSPF	Varies
Air Source Heat Pump Tune Up	Units qualify once every 3 years	\$50
Central Air Conditioning Tune Up	Units qualify once every 3 years	\$25
Duct Sealing	Pre and Post CFM Readings at 25pa	\$200
Furnace Blower Motor (ECM)	Upgraded fan	\$100
Geothermal (ground source) Heat Pump	Completed by an ICC certified ComEd EESP with geothermal certification	Up to \$6,000
Geothermal (ground source) Heat Pump Indoor Unit Replacement	≥ 15 EER	\$850
	≥ 17 EER	\$1,000
	≥ 20 EER	\$1,200

The Facts On LEDs

- Use about 75% less energy than incandescent bulbs.
- Last up to 35-50 times longer than incandescent bulbs and 2-5 times longer than fluorescent bulbs
- Save on cooling costs, as they produce little heat.

To learn how to match LEDs with the correct fixtures, visit www.EnergyStar.gov.

Discounts on Energy Efficient Lighting

You can receive instant in-store discounts on select ENERGY STAR® certified LEDs and LED fixtures. Look for the ComEd “Lower Price” sticker to save on a variety of energy-efficient light bulbs at participating retail stores. No coupon is required—prices shown reflect the instant discount. Limit of 24 bulbs and 6 fixtures per customer.

For specific retailer locations, visit www.comed.com/WaysToSave/ForYourHome/Pages/ParticipatingProductRetailers.aspx, or call 855-433-2700. You can buy online as well at ComEdMarketplace.com.

Note: There are no bulb limits - and the bulbs are free - if you sign up for a free Home Energy Assessment or Multi-Family Energy Assessment.

Extra Savings

You can sign up for even more savings with the following programs:

- **Peak Time Savings**
- **Central AC Cycling**
- **Hourly Pricing**

Visit citizensutilityboard.org/electric for more information on these programs.

If you have additional questions or concerns, please call CUB at 1-800-669-5556.

CUB is not responsible for the administration of any of the programs described in this fact sheet. If you are having trouble applying for or receiving benefits from any of the programs described above, please contact the administrator of that program.
